Relevant Skills

- Debug
- Web Site Optimization

Internship

- 1 month internship at a Digital School
- It was great, in that one month my team and I made 2 great websites with frontend and backend.
- I must say that it was very good, I learned more things during that month.

ABOUT ME

Web Developer Freelancer

August 2023 to Present

- Greetings! As a Web Developer,
- I am excited to showcase my skills and passion for web development through my portfolio.
- Strong foundation in programming languages such as
- HTML5, CSS3, JavaScript, JQuery, AjaxJs, and NodeJs.
- I am eager to collaborate with a team of experienced professionals to design and develop innovative websites and web applications.
- My attention to detail and methodical approach to problem solving allow me to ensure the highest quality standards in my work.
- Through my portfolio, I aim to demonstrate my expertise in front-end development, as well as my ability to learn and adapt to new technologies; Whether it's creating responsive designs or implementing complex functions, I'm committed to delivering efficient and user-friendly web solutions.
